

How the Australian Yoga Party Could Win the 2022 Federal Election

By
Tristan Barnett

Introduction

The next Australian federal election will be held in or before 2022 to elect members of the 47th Parliament of Australia. All 151 seats in the House of Representatives (lower house) and 40 of the 76 seats in the Senate (upper house) will be up for election. The incumbent Coalition Government, led by Scott Morrison will be seeking a fourth three-year term against the opposition Labor Party, led by Anthony Albanese.

There is a Wikipedia page 'Predictions and claims for the Second Coming of Christ', a partial list of notable people who have been claimed, either by themselves or by their followers, in some way to be the reincarnation or incarnation of Jesus, or the Second Coming of Christ from the 18th-21st century.

https://en.wikipedia.org/wiki/List_of_people_claimed_to_be_Jesus

There are many verses in the Bible about the Second Coming of Jesus, but they do not indicate exactly when this will occur. For example, Matthew 24.44 "Therefore you also must be ready, for the Son of Man is coming at an hour you do not expect". This site gives 100 verses about the Second Coming of Jesus.

https://www.openbible.info/topics/the_second_coming_of_jesus

It appears that the Qur'an does not give such indication about the Second Coming of Jesus as given by this site.

To be the Second Coming of Christ would suggest the following:

- 1) One needs to be Jewish and male (since Jesus was a male Jew)
- 2) An out-of-body experience where the soul leaves the body and visualising a bird in the spiritual world (similar to when Jesus was baptized Mathew 3:16 "And when Jesus was baptized, immediately he went up from the water, and behold, the heavens were opened to him, and he saw the Spirit of God descending like a dove and coming to rest on him").
- 3) A dead bird present a few days later after the out-of-body experience (most likely three days) with no body (only the feathers) as a form of "resurrection" in the same surroundings as to where the out-of-body experience occurred.
- 4) Able to show there are no contradictions between the Bible and the Qur'an in relation to Jesus (since God is perfect and would not have contradictions).

- 5) Able to obtain the best solution to obtaining world peace since Jesus appeared about 2019 years ago and all documented and uploaded freely on say a website.

The author is claiming to be the Second Coming of Christ and will explain this in detail throughout this article.

Spiritual Encounters

In March/April 2013 a series of three separate events took place for the author of a spiritual nature at his student residence 22/122 Culloden Rd, Marsfield, Sydney. The first event featured a black bird tapping its beak on the author's front glass door several times before turning its head to look the author in the eye, and then flying off. The second event involved a black bird swooping down from the opposite apartment and pecking on the door several times/looking the author in the eye in the same spot of the previous bird before flying off. The author was standing in the kitchen of his apartment at the time when a strange feeling of energy was felt (as a force) whilst observing the bird swooping down. During this process the author's sense of hearing appeared to block the surrounding sounds and a strange 'whizzing' sound was heard of the bird flying down to the door. The third event featured the skin/feathers of a 'dead' black bird appearing in roughly the same spot that the previous birds had pecked on the door. The exact dates of these events are difficult to trace but can be confirmed to have taken place between the 27th March and the 8th April, 2013. These events occurred as a direct result of making the connection with yoga and conflict resolution within an ideology, such that 'Yoga is the most effective method to resolving conflicts'. Given that all religions are circumstantial for their period in history, it can therefore be concluded that this ideology and associated policies is a revelation that has been approved by God as a method for how society today should function to assist to bring about world peace. This is documented in 'The Book of Tristan' ([pdf](#)). The events also appear to symbolize Jesus, since the final event featured a dead bird with no body present and hence a 'resurrection'. The author's 'out-of-body' experience was such that the author was 'killed' by God and then raised from the dead. Also, the best explanation for how the feathers appeared on the author's doorstep days after the 'out-of-body' experience is such that a Spirit Being descended and placed them there and this Spirit Being was actually God, since from Vedic literature there are many incarnations of God. To be killed by God and raised from the dead in such an 'out-of-body' experience is a very high achievement that any individual can obtain. For this reason, the author has been appointed by God as the next King for the Jewish people following Messiah Jesus. It is worth noting that the author had very little understanding of religion and spiritual knowledge prior to these spiritual encounters. The significance of the author's 'out-of-body' experience whilst visualizing a bird is directly connected with the Bible. Mathew 3:16 "And when Jesus was baptized, immediately he went up from the water, and behold, the heavens were opened to him, and he saw the Spirit of God descending like a dove and coming to rest on him". The author contacted the Australian Institute of Parapsychological Research about the spiritual encounters. The response was that the out-of-body experiences (which occur in about 20% of the population) was not a typical out-of-body experience which is regarded as a veridical out-of-body experience. One of the reviewers regarded it as something more of a mystical experience and therefore can be regarded as something very unique. More information about typical out-of-body experiences can be found [here](#).

Based on the above does this imply that the author is actually the Second Coming of Christ, given the out-of-body experience involving a bird in the spiritual world with a similar experience to when Jesus was baptized and a dead bird appearing a few days later (possibly 3 days) but with no body present (only the feathers) as a form of “resurrection”? Since these experiences, the author has shown that there are no contradictions between the Bible and the Qur’an in relation to Jesus (after all God is perfect and would not have contradictions) and hence the truth about Jesus which should unite the three Abrahamic religions, a solution to peace in the Middle East, a solution to employment for indigenous Australians, a fairer Australian federal election voting system to reflect indigenous cultural heritage, the solution to bigotry, a solution for providing for the homeless, unemployed and poverty globally, a solution to housing affordability, a solution to forcing cooperation in the workplace as an economic model (to increase average salary and overall happiness), an ideology and set of policies (with 5 key policies identified for a global scale) to reflect many values and morals as documented in religious scriptures as well as preventing/resolving conflicts, a lifestyle to obtain constant ‘happiness’ by being elevated to a transcendental state of consciousness, and subsequently achieve a spiritual body in the afterlife (which is our purpose in life), and a solution to minimize depression and anxiety by advancing spiritually (where depression is the world’s biggest health problem – estimated globally at 30%). Hence, it is believed that the author has the best solution to obtaining world peace in that it is better than what anyone else has ever come up with since Jesus appeared on earth about 2019 years ago. This is all documented in ‘The Second Coming of Jesus: a solution for obtaining world peace’ and uploaded on the Strategic Games website.

Australian Yoga Party

The author created the ‘Australian Yoga Party group on facebook on the 21st October 2015.

<https://www.facebook.com/groups/501908766635731/>

The description is outlined as:

The Australian Yoga Party is based on yoga principles to encapsulate a political platform and policies.

The Australian Yoga Party aims for the creation of a society that most effectively prevents and resolves conflicts. The traditional conflict resolution model utilizes adjudicative processes (i.e. litigation, arbitration) and warfare. The modern and arguably more effective conflict resolution model utilizes consensual processes (i.e. negotiation, mediation, facilitation) and free speech. Whilst consensual processes are a key element to the Australian Yoga Party political platform; the most effective model to resolve (and prevent) conflicts is through following a yoga process.

The Australian Yoga Party could register as a non-parliamentary party for the next Federal election (held in or before 2022) through the Australian Electoral Commission. This requires at least 500 members who are on the Commonwealth Electoral Roll - which could be achieved through the Hare Krishna movements within Australia and a constitution on how the country

would effectively operate if elected to government. So how does the proposed Australian Yoga Party get the votes in order to achieve government? According to the consensus from 2016, 52% of Australia's population are Christian and 70% of the population follow a religion. If between 52%-70% of Australia's population voted for the Australian Yoga Party, this would easily be enough to obtain a majority of seats and form government. Hence, what is required is to prove somewhat scientifically that the author is the Second Coming of Christ.

A website could be setup for the Australian Yoga Party with an ideology and policies as documented in the 'Book of Tristan'

<http://strategicgames.com.au/thebookoftristan.pdf>

as well as 'The Second Coming of Jesus: a solution for obtaining world peace' as documented in this article.

<http://strategicgames.com.au/article102.pdf>

A leaflet drop on a national scale could be implemented which states the author is the Second Coming of Christ based on these five key aspects (given below) and a link is given to 'Tristan Barnett' Wikipedia page, which clearly outlines in logical detail why this is the case.

https://en.wikipedia.org/wiki/Tristan_Barnett

- 1) One needs to be Jewish and male (since Jesus was a male Jew)
- 2) An out-of-body experience where the soul leaves the body and visualising a bird in the spiritual world (similar to when Jesus was baptized Mathew 3:16 "And when Jesus was baptized, immediately he went up from the water, and behold, the heavens were opened to him, and he saw the Spirit of God descending like a dove and coming to rest on him").
- 3) A dead bird present a few days (most likely three days) with no body (only the feathers) as a form of "resurrection" in the same surroundings as to where the out-of-body experience occurred.
- 4) Able to show there are no contradictions between the Bible and the Qur'an in relation to Jesus (since God is perfect and does not have contradictions).
- 5) Able to obtain the best solution to obtaining world peace since Jesus appeared about 2019 years ago and all documented and uploaded freely on say a website.

The leaflet would confirm that the Second Coming of Christ has to occur to someone at some point in time and you were someone else in the previous life based on reincarnation and the transmigration process of the soul taking on another body (before obtaining a spiritual body in the spiritual sky - 3/4 universe is spiritual).

The leaflet would also give a link to 'The Second Coming of Jesus: a solution for obtaining world peace'.

<http://strategicgames.com.au/article102.pdf>

Also, five key policies to assist in obtaining world peace based on yogic philosophy including the Sixth Commandment "Thou Shalt not Kill" and the policies are implemented such that our purpose in life is to obtain a spiritual body in the afterlife and live in eternal bliss with God.

- 1) Tobacco and other smoking drugs to be illegalized
- 2) Workplace bullying to be equivalent to murder
- 3) Stop the killing and abuse of animals for food or other forms of human satisfaction

- 4) Ban prostitution and the sex industry in general
- 5) Compulsory high school education on yogic philosophy

The leaflet would also contain an economic model such that introducing an unemployment system such that an allowance for unemployment is provided regardless of financial status and the allowance is comparable to the minimum wage, with the minimum wage being at least the amount given by the universal basic income (UBI). If the unemployment benefits are comparable to the minimum wage then the unemployment benefits are somewhat equivalent to the UBI. Therefore, the UBI needs to be established to provide for a reasonable standard of living. Also, the allowance is given to tertiary students. The unemployment system could be funded by an increase in the progressive taxation system and it is necessary for unemployment benefits to be paid back through taxation when work is established in the future.

Also, outlined in the leaflet is that compulsory high school education on yogic philosophy would minimize the use of illicit drugs, alcohol, smoking, bullying (which can increase the risk of suicide) and underage sex which are prevalent in almost every school nationally, and more significantly eliminate depression and anxiety within schools and for later on in life (where depression is the world's biggest health problem – estimated at 30%).

Also, outlined in the leaflet is that if the Australian Yoga Party were elected to government they would not be looking to profit from high salaries, but rather their primary motive is to establish peace in the world. Whereas, Prime Minister Scott Morrison is among the world's highest paid political leaders, earning an annual salary of \$549,229 – more than German Chancellor Angela Merkel and New Zealand Prime Minister Jacinda Ardern. Even further, in September 2019, Prime Minister Scott Morrison gave his official aircraft a brand-new name after the jet received a \$250 million taxpayer-funded upgrade.

Summary

Based on the author being a Jewish male, an out-of-body experience involving a bird in the spiritual world (similar to when Jesus was baptized), a dead bird present a few days (most likely three days) with no body (only the feathers) as a form of "resurrection" in the same surroundings as to where the out-of-body experience occurred, able to show there are no contradictions between the Bible and the Qur'an in relation to Jesus (since God is perfect and does not have contradictions) and able to obtain the best solution to obtaining world peace since Jesus appeared about 2019 years ago and all documented and uploaded freely on the Strategic Games website suggests that the author is the Second Coming of Christ.

If the Australian Yoga Party was officially established for the 2022 Federal election and was able to establish enough votes to form government as a new party (where Australia is typically a two-party system, with two dominant political groupings in the Australian political system, the Australian Labor Party and the Liberal/National Coalition), would be the greatest achievement in political history.
